Chairman Cao

Mr. Cao Zhanjiang was an excellent salesperson at the state-owned Xinxiang Huanghe Cable Factory in the 1980s and 1990s. He has been committed to Huanghe brand promotion and cable product sales. In 1996, Mr. Cao actively responded to the national state-owned enterprise restructuring policy and officially took over the operation and management of Huanghe Cable Factory. Mr. Cao always adheres to the principle of product quality first and service first, provides customers with high-quality products and services, and leads his employees to make a fortune. From 1996 to the present, under the leadership of Mr. Cao, we have successively established a domestic marketing headquarters, established branches all over the country, and established foreign trade sales companies; we have continuously expanded production capacity and accelerated technological upgrading in product production and testing; one step at a time, the company continues to grow bigger and stronger, and its products are sold at home and abroad.
